

K I F M

At KIFM 1971 has been a short but eventful year. Broadcasting began October 24, and was preceded by several months of prayerful anticipation.

It would be difficult in the space allotted to recall each miracle that brought KIFM into reality. A special note of thanks must go to the Engineering staff from KHOF for many hours of work and travel; that is without question a labor of love, and of dedication to the work of this ministry.

God has also brought together here a staff, born again, Spirit-filled, and called of God.

The manner in which KIFM has been received by the community has without doubt been a work of the Holy Spirit. We receive mail from almost every town from the southern end of the valley to Fresno. One of our goals for 1972 is to complete the transfer of our studios into our own building, which will increase our efficiency considerably. Another goal is to see KIFM completely self supporting, and able to contribute to the total church ministry.

Our ultimate goal is to reach this community for Christ, to be uplifting to the Christian and see sinners born again.

Let me also take this opportunity to express our sincere appreciation to the membership of Faith Center, and to the listeners of KHOF Radio and TV who have prayed for us, and who have given to the work of this ministry.
